# WHY YOUR SPONSORSHIP IS NEEDED TODAY

Every child deserves a chance in life. But for children in the world's poorest communities, the odds are stacked against them.

Now more than ever, with the ongoing impact of coronavirus and other emergencies around the world, children urgently need a sponsor like you.

By becoming a sponsor today, you can help children like this girl from Guatemala grow up in a safe and resilient community. You'll also give them a chance to go to school and learn – even in the toughest circumstances – so they can go on to achieve their dreams.

## MORE THAN 263 MILLION

adolescents and youth were out of school worldwide, even before Covid-19.

## OVER 34 MILLION

children are currently displaced by natural disasters or conflict.

## EVERY THREE SECONDS

another girl becomes a child bride.

## Here are just some of the many ways sponsors have helped give children a chance

### 1937

A British journalist and an aid worker sought to help children orphaned by the Spanish civil war; so they encouraged people to send donations and messages of support to children in need. **The idea of child sponsorship was born!**

PLAN Archives, University of Rhode Island

### 1940

During WWII, Plan International grew to help children across Europe. Gradually, we also began to work with more of the world's poorest communities.

### 1983

**Ethiopia's worst famine in history hit.** Plan International was there with food and supplies, helping to save thousands of children's lives.

Plan International

### 2004

When **a huge Tsunami hit Sri Lanka, India, Thailand and Indonesia** we responded quickly, reaching 650,000 people with life-saving support.

### 2015

Plan International supported girls to launch a global petition, gaining 42,000 signatures. **Together we succeeded in making child marriage illegal in Malawi.**

### 2019

In this year alone, **140,000 letters were exchanged** through Plan International's sponsorship programme, improving children's confidence and literacy skills.

## SPONSORING A CHILD WILL HELP TO:

### PROTECT GIRLS FROM ABUSE

Plan International / Patrick Kaplin

**Every three seconds, a girl is forced into child marriage.**

Now the lasting impact of Coronavirus puts more girls at risk, as families lose income.

Through Plan International training, Shalini, pictured, learned her rights and the importance of education. This inspiring girl not only convinced elders to stop her own child marriage, but was able to prevent dozens of others.

Whether you **choose to sponsor a girl** or a boy, you will help prevent harmful practices like child marriage and Female Genital Mutilation (FGM) and enable girls to access period hygiene products. Vitally, you'll help educate boys to value girls, so that everyone benefits.

**Over 263 million children worldwide are out of school.**

Girls, in particular, are even more likely to be denied an education.

In El Salvador, many girls drop out of school early because they're forced into a child marriage. Thanks to sponsorship, these girls pictured are able to go to school and received bags and books to help them study.

Your sponsorship will also help train local teachers and provide essential learning materials and uniforms for families who can't afford them, so every child has a chance to learn and achieve their dreams.

### PROVIDE EDUCATION AND VOCATIONAL SKILLS

Plan International

### HELP THEIR WHOLE COMMUNITY

Plan International

**One in four children lives in a country where disaster or conflict has turned their lives upside down.**

Coronavirus, one of the biggest emergencies in the last 100 years, is now pushing struggling families further into poverty.

Your sponsorship will help save lives when emergencies strike. It will help provide children and their communities with essentials – such as access to safe water and hand-washing training to prevent the spread of disease – or training on how to shelter during a disaster. You'll also help communities to grow more resilient to future crises.
